

# Bait Order Form

All our bait is handmade and frozen to achieve maximum flavour. It is stored on site and can be taken as required from the bulk freezer individually, ensuring that you are fishing with the freshest possible bait for the duration of your trip.

## Squid and Octopus (S&O)

A bait that is made from a blend of 3 different fish meals. Robin red, GLM and krill combined with an old favourite S&O flavour, makes this bait a real food source, with a few extra goodies makes this fishmeal bait a real winner with the carp, it's dark red in colour with a sweet after tone

## Creamy Toffee (CT)

A bait that is made from a blend of ground nuts/bird foods and milk proteins and a few secret ingredients, making it a very affective all year round bait. It's a light creamy colour with a very sweet smell which leaves the carp wanting more!!!
